

TESTIMONIALS: NOVA PROADVANTAGE XP

"I have found that my CushionCourt plays just about as fast as the traditional hard surface, but the comfort and health levels are absolutely extraordinary. Everyone who plays on it has come away saying that it is the most enjoyable surface they have ever played on. I guess that I'm saying that I just love it!"

Gary Smith / Smith-Hemion

"I can't imagine a surface that is more fun, more reliable, and less trouble than the CushionCourt you folks installed for me. Were it not for the forgiving nature of this particular surface I wouldn't be playing tennis at all anymore. You guys should be more than a little proud of your considerable contribution to the game of tennis and its continued enjoyment by so many. As you know, people (Johnny Carson, Gary Smith, Salim Zhilka, etc.) have installed their own courts after playing on mine!"
