

TESTIMONIALS: NOVA PROCLAY, RED & GREEN

“Bringing Nova’ProClay, the third and missing Grand Slam surface to the International Tennis Hall of Fame, has been a great success. We are very happy to have Nova’ProClay and NGI Sports’ as official partners.”

Mary Rompf, Head Pro, International Tennis Hall of Fame

“We wanted soft courts at our new indoor facility without heavy maintenance and scarifying. We also wanted our courts to remain soft without the hardness and moisture problems associated with indoor fast-dry.”

Albert Khanlarian, Piedmont Indoor Tennis Center, Greensboro, NC

“I replaced my underground watered fast-dry court with Nova’ProClay so I could play tennis more during the year. It is easy to maintain so now I play more whenever I want.”

Dr. Randy Briggs, Albuquerque, NM
