ENGINEERED FOR SPORT

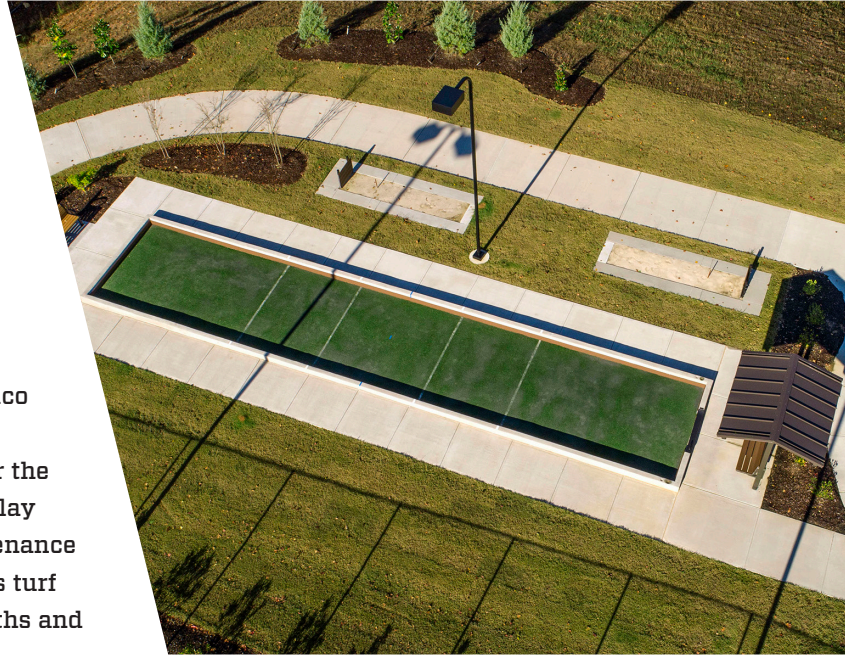

NOVABOCCE® CLASSICO

WORLD CLASS SURFACES

A classic padded, synthetic turf Bocce Court, with excellent roll & drainage. This surface is easily installed anywhere over any base. Classico is quick draining and virtually maintenance free. It is available in colors of Tuscan Terra Cotta, Aqua Grigio and Venetian Verde. Pricing includes turf with special shock absorbing backing constructed in 12' widths & custom lengths.

Make it "Perfecto"

The Classico is made "perfecto" with special Rubico color top-dressing. The top-dressing is filtered between the turf blades and covers the surface for the perfect look and play of a natural oyster shell or clay court, only better. This surface requires no maintenance except surface brushing. Perfecto pricing includes turf with special backing in 12' widths & custom lengths and includes Rubico Top-dressing.

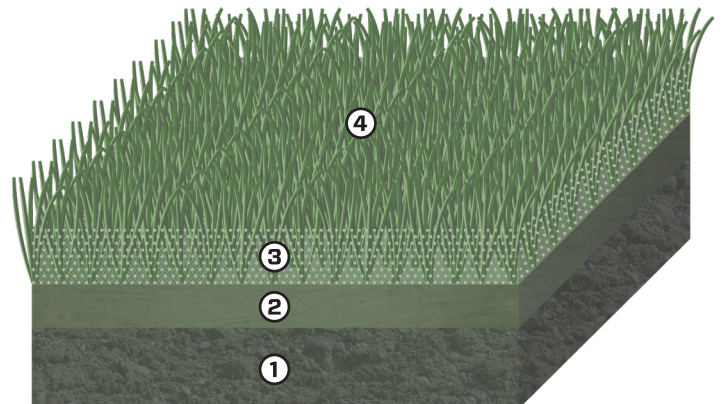

Exclusive warranty • Custom colors • Quick installation • Installs over concrete, asphalt & crushed rock
"Green" construction • Bio-mechanically superior • Installs indoor, outdoor, rooftop

X-Section

- ① Crushed Rock, Concrete or Asphalt Base
- ② Energy Drop Attached Pad
- ③ Premium Infill
- ④ PE Sport Fiber System

NOVABOCCE® RAFFA

HARDER, HIGHER, FASTER TURF COURT PLAY

Raffa is a multi-colored green nylon, non-directional durable turf surface. The Raffa surface is a rugged low maintenance turf. This surface is made to be either glued to a concrete or asphalt base, but also can be laid over a rock base by installing the TTraxPad first. The Raffa surface may be top-dressed with 2 lbs / F2 of Rubico In-fill. Pricing includes Turf, available in 12 & 15' widths.

Exclusive warranty • Custom colors • Quick installation
