ENGINEERED FOR SPORT

PRO[®] ADVANTAGE

IDEAL FOR ANY PLAYER, ANYTIME, ANYWHERE.

Tennis Player's Dream Come True...

The world's only true dual-cushioned court system, ProAdvantage[®] is constructed with a fixed, eco-friendly urethane cushion base layer, a PE fiber system and an optional special blended color aggregate. The dual-cushioning aspect assists in reducing body stress and impact, making ProAdvantage[®] ideal for HOAs, residential communities, and mature players looking to extend their game.

As a truly dynamic and unique surface, high praise for its cushioned benefits are heard throughout tennis communities worldwide.

Bio-Mechanically Superior • World Class Traction Quiet and Comfortable Play

Eco Friendly • Eliminates cracking, peeling, & spalling • Easy Installation • Low Maintenance

X-Section
